9th International Railway
Infrastructure Exhibition

1-3 May 2012 | Hall 3, NEC | Birmingham, UK

YOUR INVITATION TO INFRARAIL 2012

www.infrarail.com

The 9th International Railway Infrastructure

More than 5,800 rail professionals, 230 of products over three days under one roof

...to put you in the best position to maximise opportunities from major initiatives, including the £14.6bn cross-city Crossrail line, HS2, £6bn Thameslink scheme and the ongoing upgrade of the London Underground network.

Infrarail delivers something for everyone involved in any aspect of rail infrastructure – providing you with updates on products and services, educational sessions, industry updates and new contacts.

Meet, learn, discuss, network and **experience** the latest technology, projects, legislation, plans and products in the UK Rail Market.

Keynote speakers

Hosted by Rail Media Group in the Rail Engineer seminar theatre, 3 of the biggest names shaping the rail industry will headline the seminars in daily keynote addresses.

**Tuesday 1st May –
Theresa Villiers MP, Transport Minister**

Ms Villiers will not only participate in the **Grand Opening** of the UK's leading railway infrastructure exhibition, but will also be addressing the visitors in the first of the year's keynote speeches as she shares the Government's latest thinking with visitors.

**Wednesday 2nd May
Howard Smith, COO
London Rail**

**Thursday 3rd May
Simon Kirby, Director, Investment Projects
Network Rail**

For further details visit www.infrarail.com

Meet and network at Infrarail 2012 -

meet your peers, customers,
colleagues and old friends.

Networking Reception

Tuesday 1st May from 16:45 – 18:30, Networking Zone

Open to all, the Networking Reception takes place on Tuesday from 16:45. With exhibitors and visitors attending this is a great opportunity to network in a relaxed environment over a few complementary drinks and canapés in front of a live band.

Multimodal

Multimodal will be running alongside Infrarail 2012, making 1-3 May at the NEC the must attend event of 2012. For more information visit www.multimodal.org.uk

Experience the industry's latest technology, products and services at Infrarail 2012 -

With over 230 exhibitors and thousands of the industry's leading innovative products on display, Infrarail is the best place to experience what the market has to offer.

On Track Displays

Two lengths of track placed in the hall on the exhibition floor will be the setting for products displayed in situ as they would be seen in the field. Featuring products from BCM GRC Ltd, Rosehill Rail, Rail Safety Systems, Husqvarna Construction Products – all displayed in a fitting setting.

The Yard

A dedicated area for the display of large plant and machinery. Supported by The Rail Plant Association, The Yard is your chance to see previously unexhibitable machinery. Exhibits include displays from Rail Ability and SES.

The Rail Alliance Hub

Members of the Rail Alliance will be promoting their products/ services and innovations in a special dedicated area in the centre of the hall. For more information on who and what will be displayed here visit www.infrarail.com

How to get to NEC, Birmingham

By Rail

The NEC is situated adjacent to Birmingham International Rail Station. If your point of origin does not provide a service directly to Birmingham International you will need to travel to Birmingham New Street first and get a connecting train from there.

For further information on travelling by train to Birmingham International Station, please contact National Rail enquiries. Tel: 08457 484950 or visit www.nationalrail.co.uk

Once you have arrived at Birmingham International Rail Station take the stairs or lift from any platform up to the station interchange. The entrance to The NEC is situated on the right hand side as you exit the station and is clearly signposted. Continue to walk along the covered walkway called the bridgelink where you can then follow signs to reach Hall 3.

By Car

The NEC is situated 8 miles East of Birmingham city centre. Visitors can travel to The NEC directly using the following motorways - M1, M5, M6, M6 Toll, M40 and M42. The NEC is signposted on motorways and major roads and is marked on most good maps.

Car Parking

The NEC has numerous car parks that are more broadly categorised into North, East, South and West. On your arrival at The NEC, traffic officers will direct you to the most convenient parking area for Infrarail in Hall 3. A shuttle bus will be operating to the Hall.

Please Note: Car parking charges are £8 per day and £15 per day for coaches (correct as of 5th January 2012).

By Air

Birmingham International Airport (BHX) is within a few minutes walk of the NEC and this is the quickest way to reach The NEC. Follow the signs to the Air-Rail Link which leaves the airport from the first floor of Terminal 1. Once you have stepped off the Air-Rail at Birmingham International Station continue straight ahead through the concourse onto The NEC bridgelink.

Should you wish to travel by Taxi, Taxi ranks are situated outside of the passenger terminals.

For further details and maps on how to get to the NEC visit www.thenec.co.uk
